EDUCATION

PDEA's College of Engineering, Pune 2023 – 2027
B.E. in Electronics & Telecommunication Engineering | SPPU
Current Year: 4th Year

BSEB – Class 12th (Science) 2023
Percentage: 76%

CBSE – Class 10th 2021
Percentage: 61%

TECHNICAL SKILLS

Languages: C++, JavaScript, HTML, CSS
Frontend: React.js, Responsive Web Design, DOM Manipulation, UI/UX Basics
Backend: Node.js, Express.js, REST APIs
Databases: MySQL, MongoDB
Full Stack: MERN Stack
DSA & Algorithms: Arrays, Strings, Searching & Sorting, Binary Search, Recursion, Dynamic Programming, Stack & Queue, Linked List, Trees, Graphs, Sliding Window, Two Pointers
Tools: Git, GitHub, VS Code

PROJECTS

Portfolio Website *HTML, CSS, JavaScript, MERN Stack*

- Developed a responsive personal portfolio website to showcase technical skills, projects, and achievements.
- Implemented interactive UI components, smooth scrolling, animations, and mobile-friendly design.
- Built full-stack functionality using the MERN stack and integrated frontend and backend components.

CRUD Application *MongoDB, Express.js, React.js, Node.js*

- Developed a full-stack CRUD application using the MERN stack to create, read, update, and delete application data.
- Built RESTful APIs using Node.js and Express.js and integrated MongoDB for persistent data storage.
- Developed a responsive React.js frontend for managing and interacting with application data.

Weather Web App *HTML, CSS, JavaScript*

- Developed a weather application that fetches and displays real-time weather data using an external API.
- Implemented an interactive and responsive user interface for displaying weather information across devices.

DATA STRUCTURES & ALGORITHMS

- Solved 250+ problems on LeetCode, 300+ problems on GeeksforGeeks, and 175+ problems on Codeforces.
- Strong understanding of common data structures, algorithmic patterns, and problem-solving techniques.
- Comfortable with C++ STL and solving algorithmic problems under time constraints.

ACHIEVEMENTS

- Ranked in the top percentile in college-level coding challenges.
- Completed Striver's DSA Sheet covering multiple data structures and algorithmic patterns.
- Regularly practiced competitive programming and improved problem-solving efficiency.

SOFT SKILLS

Problem Solving | Logical Thinking | Team Collaboration | Time Management | Continuous Learning

CAREER OBJECTIVE

Motivated fourth-year engineering student seeking a software development or full-stack web development internship or entry-level opportunity. Skilled in JavaScript, React.js, Node.js, Express.js, MongoDB, MySQL, and DSA, with hands-on experience building full-stack web applications. Eager to apply technical and problem-solving skills to real-world projects and contribute effectively to a development team.
